AN ORDINANCE AUTHORIZING THE CITY MANAGER TO EXECUTE, ON BEHALF OF THE CITY OF GLADSTONE, MISSOURI, A COOPERATIVE AGREEMENT BETWEEN THE CITY OF KANSAS CITY, MISSOURI, THE VILLAGE OF OAKWOOD, MISSOURI, AND THE CITY OF GLADSTONE, MISSOURI, FOR SEWER SERVICE.

ATTEST:

CITY CLERK

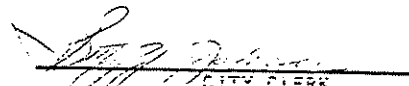

First Reading: 12/2/69 Second Reading: 12/22/69 Third Reading: 1/12/70

C E R T I F I C A T I O N

This is to certify that the above constitutes a true and correct copy of Ordinance No. 1.724, enacted by the unanimous consent of the Gladstone City Council at its regular meeting held on Monday, January 12, 1970, as fully as the same appears in the records of said City, and in the files therein, in my charge as the City Clerk thereof.

WITNESS THE HAND of the undersigned City Clerk of the City of Gladstone, County of Clay, Missouri, and the Seal of the said City, this 13th day of January, 1970.

SEAL

CITY CLERK

2. City and Gladstone, in constructing sewers, either public or special assessment, to serve watercourses or drainage areas common to Oakwood, will provide adequate capacity for the reception of the sanitary sewage from Oakwood. Such sewerage improvements and the

existing sewerage systems of City and Gladstone in such areas shall thereafter be available for connection to and receipt of sewage wastes from the sewerage system of Oakwood, either directly or through the sewerage system of Gladstone.

3. In further consideration of this Agreement, each customer in Oakwood shall be subject to this Agreement and will pay to City a charge for sewage treatment as follows:

- a. For each one and two family residential sewer connection a monthly service charge and a commodity charge as established by Ordinance No. 33939 of City, as the same now exists or in the future may be revised;
- b. For each multiple family dwelling and for each commercial and industrial establishment, a sewer service charge equal to the monthly service charge and the commodity charge as established by Ordinance No. 33939 of City, passed May 5, 1967, (the same being incorporated herein by reference) or as the same may be revised in the future. For wastes from such commercial and industrial establishments containing suspended solids in excess of 400 parts per million by weight or 5-day 20 degree C. bio-chemical oxygen demand (BOD) in excess of 300 parts per million by weight, there shall be added to this charge a surcharge equal to the charge defined in Ordinance No. 33938 of City, as the same now exists or may hereafter be amended. If the surcharge for extra strength industrial wastes as now provided by Ordinance No. 33938 of City shall be revised, such new rates of charge for excess suspended solids and bio-chemical oxygen demand shall supersede the charges established in this paragraph, the new charge to be effective for customers in Oakwood the first day of the month following the effective date of the Revised Ordinance of City. City shall have the responsibility to determine the amount of surcharge outlined above, subject to review and check by Oakwood. Oakwood hereby grants to City the right and privilege to make inspections and measurements as necessary to determine the surcharge stipulated in this section.

It is the intent of this section that each customer in Oakwood to which the Kansas City sewerage system is available for connection, either directly or through the sewerage system of Gladstone, shall pay to City the same charges that are established by City for city customers in Section 66.080, as such charges now exist or in the future may be revised.

c. Gladstone shall in no event be subject to any charge or surcharge by City resulting from the sewage of Oakwood.

4. As long as this Agreement remains in force, Oakwood shall have the continuing right to discharge its sanitary sewage into the sewerage systems of City and Gladstone upon the terms and conditions of this Agreement, and provided, however, that failure or neglect by Oakwood to enforce the restrictions contained in Paragraph 1 hereof, shall be cause for termination of this Agreement. Before the Agreement may be terminated for any cause, however, the parties shall make a bona fide attempt to resolve their differences by mutual negotiations for a period not to exceed sixty (60) days from the date that notice is given of an alleged breach. Within ten (10) days after negotiations cease with said differences yet unresolved, the parties agree to submit the dispute to a board for arbitration. The board shall consist of three (3) individuals, one each to be chosen by the parties, provided that they shall not be employees of any of the parties. In case any party delays more than ten (10) days after receiving notice in writing to appoint its arbitrator, then upon application by the other party or parties, the senior Federal Judge of the Western Division of the Western District of Missouri may appoint the remaining arbitrators. The three arbitrators when duly appointed as above, shall, if they desire, have access to all books and records of the parties and shall have the right to examine all their accounts, books and papers relating to this Agreement, and to hear evidence and witnesses, and make any accounting necessary and to do all things fully and completely to enable them to make a fair and full settlement of all matters in arbitration. When the said board of arbitration has passed upon matters in dispute between the parties properly coming before it as herein provided, it shall notify each party in writing of its decision and its decision shall be final and binding upon the parties. If such decision deems termination of this Agreement to be proper, termination hereof may be avoided if the failure to comply herewith is corrected within sixty (60) days after the decision of the arbitrators is rendered. Each party shall bear the expense, if any, of its selected board member, and the parties shall share equally other expenses, if any, provided that provisions for arbitration as outlined in Chapter 435, R.S.Mo., 1959, as amended, shall be applicable.

5. Oakwood hereby authorizes City to discontinue water service to any customer in Oakwood for non-payment of water or sewer service charges, or both, and such discontinuance of water service shall be accomplished in accordance with policies and procedures used by City for customers in City.

6. Gladstone shall not be responsible or in any way held liable to City, nor shall sewer service to Gladstone be suspended by reason of any act or omission of Oakwood or the residents thereof respecting the discharge of any substance into the sewerage systems of Gladstone or City, or the failure of Oakwood or its inhabitants to pay any charges due City. Similarly, the rights of Oakwood hereunder shall not be affected in any manner by any act or omission of Gladstone which is in violation of Gladstone's obligations to City under their Cooperative Agreement For Sewer Service, which Agreement is incorporated herein as if set forth. The rights and duties of City and Gladstone under their Cooperative Agreement For Sewer Service shall be in no way altered by this Agreement unless expressly so provided.

7. At the date hereof, there is no existing sewer line or interconnection between the sewerage systems of Oakwood and City or Gladstone. Lateral sewers shall be constructed and maintained by Oakwood which will permit the flow of sanitary sewage from Oakwood, through the system of Gladstone and into that of City. Gladstone shall have the perpetual right to inspect and approve any connections to the Oakwood system provided, however, no fees shall be charged for such inspection and approval. Oakwood and Gladstone shall, at their own respective cost, obtain all permanent and construction easements required for the installation of the sewer lines contemplated herein, located within their respective boundaries. Said easements shall be of a form approved by the respective City Counselor of Oakwood and Gladstone and all legal descriptions contained therein shall be prepared by Larkin & Associates, Consulting Engineers. All such easements will be obtained as required by construction schedules, by voluntary conveyance or, if necessary, by condemnation.

The amount to be paid by Oakwood to Gladstone as a condition precedent to its use of the main sewer system of Gladstone shall be identical to the total amount that property owners of Gladstone served by the same would pay to Gladstone. This amount shall be computed by the consulting engineers of Gladstone and shall be communicated by them by certified mail, return receipt requested, to each of the representatives of the parties hereto who are hereinafter constituted the persons to receive notices given hereunder. Said computation shall be made at the earliest opportunity. Upon execution of this contract by City, Gladstone and Oakwood, Oakwood agrees to pay that amount due Gladstone for the area of said Village which drains into Gladstone as determined by the final engineering design of the sewer system.

City shall in no way be liable or otherwise responsible in any manner whatsoever respecting the planning or construction of the sewers or the acquisition of the necessary easements therefor.

8. The administrative officers under this Agreement for each of the parties are, respectively, the Director of Pollution Control, or such other officer of City performing equivalent duties; the Chairman of the Board of Trustees of Oakwood, or his lawful successor; and, the City Manager of Gladstone, or such other officer of Gladstone performing equivalent duties. Each administrative officer hereunder shall have the power and duty to select the arbitrator provided for herein on behalf of the party he represents. Any notice or other communication given or sent respecting this Agreement or any rights and duties hereunder, shall be deemed to be effectively given when delivered to the administrative officers herein provided.

9. The effective date of this Agreement shall be the first day of the month following the approval hereof by the City Council of City, the City Council of Gladstone, and the Board of Trustees of Oakwood, or the latter of such approvals, and shall remain in full force and effect until otherwise altered or amended by the parties hereto by the appropriate action of their respective governing bodies, or terminated as herein provided.

IN WITNESS WHEREOF, this Agreement has been executed in triplicate by the duly authorized officers of the respective parties.
